

FINELITE
Better Lighting

{ YOU DREAM. WE DELIVER. }

Project: The Buckley Library
Architect: Jeffrey M. Kalban & Associates
Lighting Design: Jeffrey M. Kalban & Associates
Products: HP-2 Direct

Finelite, Inc. Better Lighting

Since 1991

For twenty-five years, Finelite has delivered award-winning innovations in lighting technology and design and set new standards for performance, sustainability, value, and customer service. Finelite's mission is to develop beautiful, affordable, energy-efficient lighting solutions for offices, education, and healthcare facilities. At our Northern California manufacturing facilities, we work continuously to eliminate waste through smart product design, lean manufacturing, and corporate best practices.

You Dream. We Deliver.
Our goal is to enable the designer to achieve their vision affordably, efficiently, and on schedule.

The Finelite LED Difference

10-Year
Warranty

90% of initial light output
at 100,000 hours

Dimming
Standard

Replaceable LED
light arrays

Tailored Lighting™

LED technology has changed the way we light spaces. Unconstrained lengths and angles – with many options shipping in 10 working days – provide new design flexibility and freedom that is inspiring, affordable, and energy efficient. Let Finelite show you better lighting, Tailored Lighting – lighting tailored to your requirements, to your expectations, to your design.

Tailored Lighting is defined by the architecture. It is free of the traditional constraints on lengths, wattage and color. Tailored Lighting increases visual comfort for every occupant while saving energy, affordably, and beautifully.

The Finelite Commitment to You

10 working days shipping on standard orders

Focus on sustainability

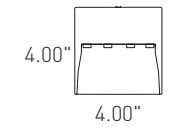

Buy American Act of 2009 compliant
