**Step 1**

Lens

Screws

Gently slide lens forward and lift up to remove. Remove #8 screws that are holding down the LED boards.

Step 2

LED Board Mounting Tab

LED Board Mounting Tab

Wiring Harness
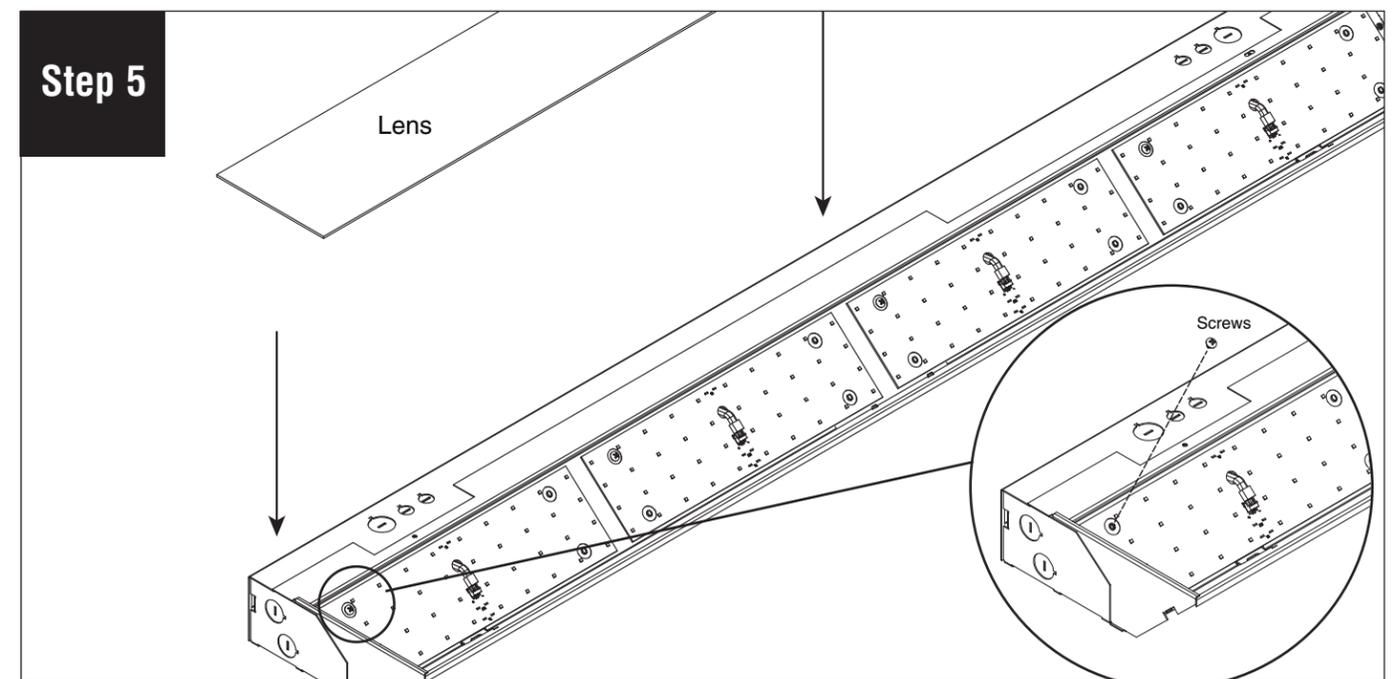

Unplug the wiring harness. Gently lift the corner of the LED board and slide LED board away from the mounting tab.

Step 3
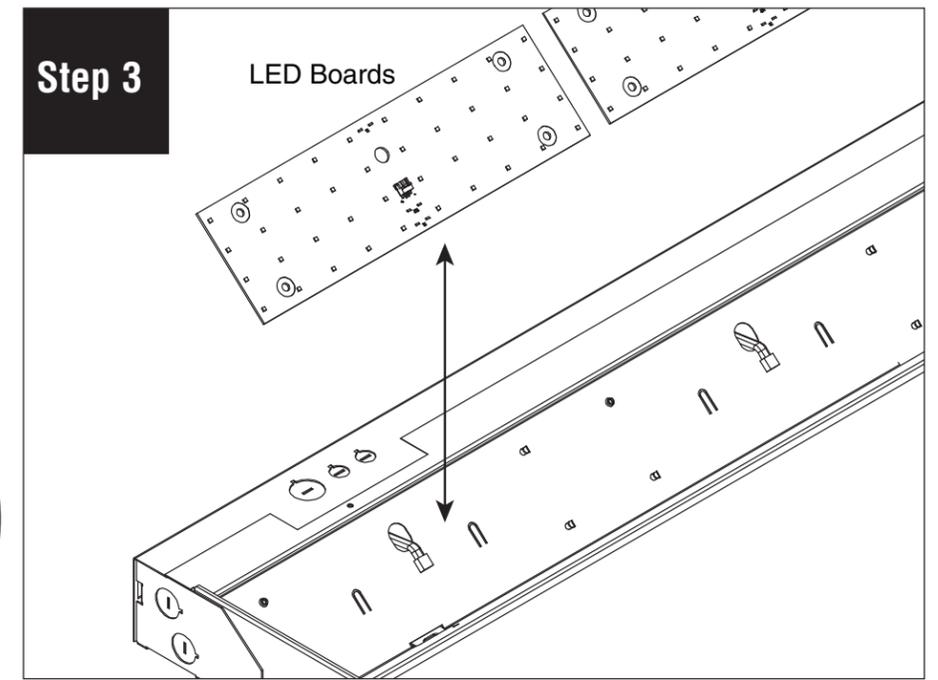

LED Boards

Carefully remove LED board from harness and replace with new LED board.

Step 4

LED Board Mounting Tab

LED Board Mounting Tab
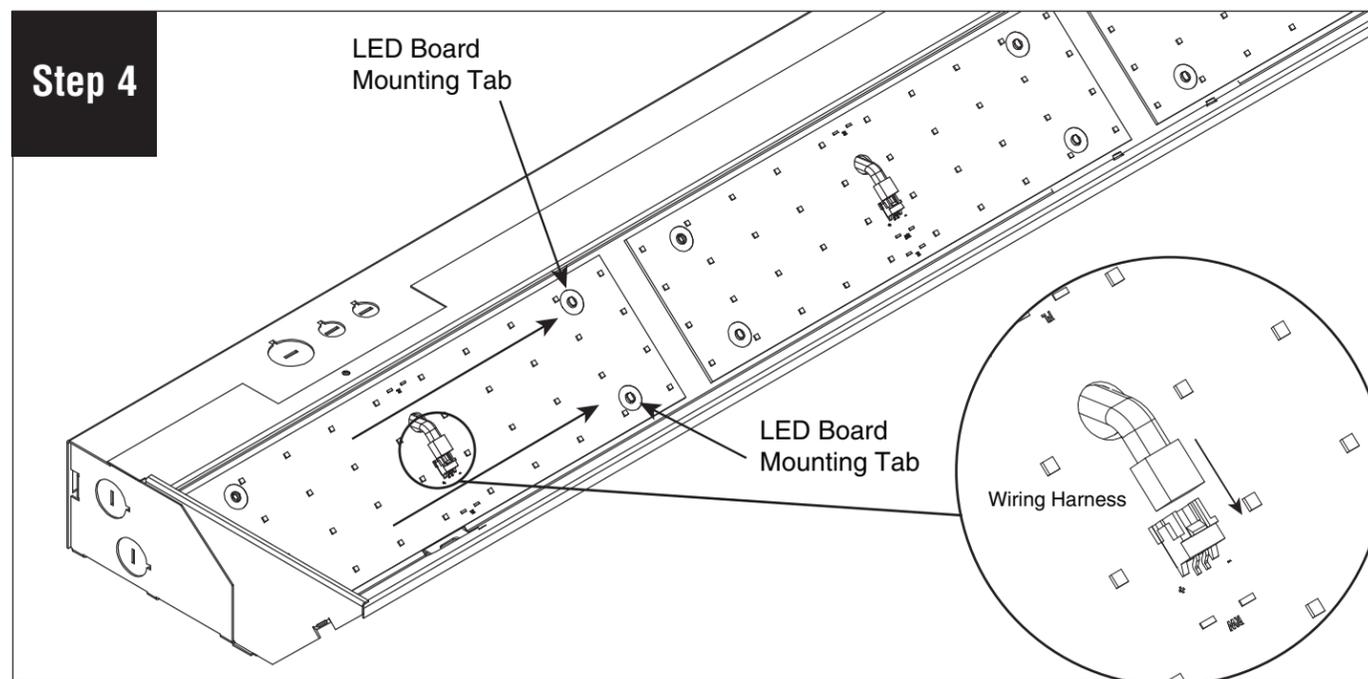

Wiring Harness

Slide LED board toward the mounting tab. Reconnect LED wiring harness.

Step 5

Lens

Screws

Secure LED boards by replacing #8 screws, then replace Lens.
