HPR Surface Mount Kit Installation Instructions

Step 1: Unpack and identify parts. Fit parts together.

Step 2: Attach parts of kit together using 2X provided #6-32 x 1/4" flat head sheet metal screws at each corner. Attach as shown.

Step 3: Place luminaire in assembled kit, making sure bottom of luminaire sits flush with bottom of box.

Step 4: Install brackets to secure luminaire to surface mount kit. Use 2X provided #6-32 x 1/4" flat head sheet metal screws per bracket.

Step 5: Drill 8X holes for mounting, using brackets as a guide.

Step 6: Attach metal brackets to body by using 4X #6-32 flat head sheet metal screws. Proceed with attached installation instructions.
