HP-2 / HP-4 / HP-6 Driver Replacement Instructions

Overview

NOTES

• All power connections should be installed according to local/national codes by a Certified Electrician.
• This installation requires proper support as each luminaire is being installed.
• DO NOT attempt to join luminaires together on the floor. Damage may result when lifted.

**HP-2 / HP-4 / HP-6 Downlight Driver** Replacement Instructions

**Step 1 - Opening Luminaire**

**A. Remove Diffuser or Louver**

Remove Diffuser

- **NOTE:** For White Cross Blade Baffle, refer to Baffle Tether Addendum before installing.

Remove Louver (HP-2 & HP-4 ONLY)

- **CAUTION:** Wear gloves to keep diffuser or louver surface clean.
- Carefully remove diffuser or louver and set aside to prevent from getting dirty or damaged.
- **FOR LOUVER:** Release louver by inserting the blade of a putty knife approximately 1" behind louver edges and pry down.
- Ensure diffuser or louver can be clearly identified back to its corresponding luminaire.

**B. Release Backplate**

**Putty Knife Option**

- Release backplate from clips by sliding the blade of a putty knife behind backplate edges.
- To use a flathead screwdriver, press end of screwdriver (from inside the luminaire) against the clip, until the backplate is released.
- Carefully rotate backplate out and let it hang from luminaire body.

**Flathead Screwdriver Option**

- Release backplate from clips by sliding the blade of a putty knife behind backplate edges.
- To use a flathead screwdriver, press end of screwdriver (from inside the luminaire) against the clip, until the backplate is released.
- Carefully rotate backplate out and let it hang from luminaire body.
**HP-2 / HP-4 / HP-6 Downlight Driver Replacement Instructions**

**Step 2 - Replace Driver**

**A. Release Driver**

- Release driver from luminaire by removing mounting screws.
- Disconnect driver from driver harness.
- Once driver is free, disconnect electrical connections from the driver.

**B. Replace Driver**

- Replace with new driver and reconnect all electrical connections.
- Replace backplate by snapping back into clips.
- CAUTION: Wear gloves to keep diffuser or louver surface clean.
- NOTE: For White Cross Blade Baffle, refer to Battle Tether Addendum before installing.
- Replace diffuser or louver and turn power on.

**Driver Harness**

Part # 15501

---

**WIRING LEGEND**

- Black: Hot Line Voltage
- White: Neutral Line Voltage
- Green: Ground
- Grey: Dimming 0-10V DC
- Purple: Dimming 0-10V DC

**Driver Harness**

Part # 15501
**A. Remove Diffuser**

- To release backplate, use a putty knife to slip behind backplate edges and release them from clips.
- Lift backplate out of housing channel, pulling wiring harnesses through the housing.
- Let backplate rest atop of luminaire. **DO NOT** disconnect LED board harnesses.

---

**B. Release Backplate**

**For Indirect Only**

- Remove diffuser and set aside to prevent from getting dirty or damaged.
- To release backplate, use a putty knife to slip behind backplate edges and release them from clips.
- Lift backplate out of housing channel, pulling wiring harnesses through the housing.
- Let backplate rest atop of luminaire. **DO NOT** disconnect LED board harnesses.
**Step 2 - Replace Driver**

**A. Release Uplight Driver**

- Release driver from luminaire by removing mounting screws.
- Disconnect driver from driver harness.
- Once driver is free, disconnect electrical connections from the driver.
