

# H04 Check Reflector Addendum

## Install Reflectors

## Check Reflectors

**CORRECT** **4** **WRONG**  
Reflector must properly seated on the catch rail.

- ① Gently squeeze both sides of the reflector.
- ② Slide reflector into HO4 opening.
- ③ Use the provided mirror to ensure that the reflector(s) are properly seated on the catch rail. Remove the protective film from the mirror.
- ④ Failure to correctly install the reflector on the catch rail will affect the luminaire's performance.
